

Washington Flora Checklist

A checklist of the Vascular Plants of Washington State

Hosted by the University of Washington Herbarium

Family: Elatinaceae

3 terminal taxa (species, subspecies, and varieties).

The Washington Flora Checklist aims to be a complete list of the native and naturalized vascular plants of Washington State, with current classifications, nomenclature and synonymy.

Taxa included in the checklist:

- * Native taxa whether extant, extirpated, or extinct.
- * Exotic taxa that are naturalized, escaped from cultivation, or persisting wild.
- * Waifs (e.g., ballast plants, escaped crop plants) and other scarcely collected exotics.
- * Interspecific hybrids that are frequent or self-maintaining.
- * Some unnamed taxa in the process of being described.

Family classifications follow [APG IV](#) for angiosperms, PPG I (J. Syst. Evol. 54:563?603. 2016.) for pteridophytes, and Christenhusz et al. (Phytotaxa 19:55?70. 2011.) for gymnosperms, with a few exceptions. Nomenclature and synonymy at the rank of genus and below follows the [2nd Edition of the Flora of the Pacific Northwest](#) except where superceded by new information.

Accepted names are indicated with blue font; synonyms with black font.
Native species and infraspecies are marked with **boldface** font.

Please note: This is a working checklist, continuously updated. Use it at your discretion.

Created from the Washington Flora Checklist Database on May 6th, 2024 at 12:27am PST.

Dicots:

Elatinaceae [HC, HC2] Waterwort Family

Synonyms: (none)

References: (none)

Bergia [HC, HC2]

bergia

Bergia texana (Hook.) Seub. ex Walp. [HC, HC2]

Repertorium Botanices Systematicae. 1: 285.

Texas bergia

Elatine brachysperma A. Gray; shortseed waterwort, or short-fruited waterwort, has been reported from WA by Abrams and KZ99, but no specimens have been found

Elatine [HC, HC2]

mud-purslane, waterwort

Elatine californica A. Gray [HC, HC2]

Proc. Amer. Acad. Arts 13: 361, 364.

California waterwort

Elatine williamsii Rydb.

Elatine chilensis Gay [HC2, JPM]

Chilena 1: 286. [1846].

Chilean waterwort

Elatine americana (Pursh) Arn. [Abrams, Peck, HC], misapplied

Elatine triandra Schkuhr [Abrams, Peck, HC], misapplied
