

# Flora of the Pacific Northwest Checklist

## A checklist of the Vascular Plants of the Pacific Northwest Hosted by the University of Washington Herbarium

### Family: Droseraceae

5 terminal taxa (species, subspecies, and varieties).

The Flora of the Pacific Northwest Checklist aims to be a complete list of the native and naturalized vascular plants of the Pacific Northwest, with current classifications, nomenclature and synonymy.

#### Taxa included in the checklist:

- Native taxa whether extant, extirpated, or extinct.
- Exotic taxa that are naturalized, escaped from cultivation, or persisting wild.
- Waifs (e.g., ballast plants, escaped crop plants) and other scarcely collected exotics.
- Interspecific hybrids that are frequent or self-maintaining.
- Some unnamed taxa in the process of being described.

Family classifications follow [APG IV](#) for angiosperms, PPG I (J. Syst. Evol. 54:563-603. 2016.) for pteridophytes, and Christenhusz et al. (Phytotaxa 19:55-70. 2011.) for gymnosperms, with a few exceptions. Nomenclature and synonymy at the rank of genus and below follows the [2nd Edition of the Flora of the Pacific Northwest](#) except where superseded by new information.

Accepted names are indicated with **blue type**, synonyms with **gray type**.

Native species and infraspecies are marked with **bold-face type**.

\*Non-native and introduced taxa are preceded by an asterisk.

**Please note:** This is a working checklist, continuously updated. Use it at your discretion.

# Dicots:

## Droseraceae [HC, HC2] Sundew Family

### \**Dionaea* [HC2]

#### \**Dionaea muscipula* J. Ellis [Gray's Manual, HC2]

The St James's Chronicle; or the British Evening Post No. 1172: [p. 4]. 1768.

Venus fly trap

intentionally planted in various locations over the years by carnivorous plant enthusiasts.

### *Drosera* [HC, HC2]

sundew

#### *Drosera anglica* Huds. [HC, HC2]

Flora Anglica, Editio Altera 135. 1778.

English sundew, giant sundew

*Drosera longifolia* L.

#### *Drosera linearis* Goldie [HC2]

slender-leaved sundew

#### *Drosera xobovata* Mert. & W. Koch [HC2]

Deutschl. Fl. (Mertens & W. D. J. Koch), ed. 3. 2: 502. 1826.

hybrid sundew, obovate sundew

#### *Drosera rotundifolia* L. [HC, HC2]

Sp. Pl. 1: 281. 1753.

round-leaf sundew
