

# Washington Flora Checklist

## A checklist of the Vascular Plants of Washington State Hosted by the University of Washington Herbarium

### Family: Lythraceae

6 terminal taxa (species, subspecies, and varieties).

The Washington Flora Checklist aims to be a complete list of the native and naturalized vascular plants of Washington State, with current classifications, nomenclature and synonymy.

#### Taxa included in the checklist:

- Native taxa whether extant, extirpated, or extinct.
- Exotic taxa that are naturalized, escaped from cultivation, or persisting wild.
- Waifs (e.g., ballast plants, escaped crop plants) and other scarcely collected exotics.
- Interspecific hybrids that are frequent or self-maintaining.
- Some unnamed taxa in the process of being described.

Family classifications follow [APG IV](#) for angiosperms, PPG I (J. Syst. Evol. 54:563-603. 2016.) for pteridophytes, and Christenhusz et al. (Phytotaxa 19:55-70. 2011.) for gymnosperms, with a few exceptions. Nomenclature and synonymy at the rank of genus and below follows the [2nd Edition of the Flora of the Pacific Northwest](#) except where superceded by new information.

Accepted names are indicated with **blue type**, synonyms with **gray type**.

Native species and infraspecies are marked with **bold-face type**.

\*Non-native and introduced taxa are preceded by an asterisk.

**Please note:** This is a working checklist, continuously updated. Use it at your discretion.

# Dicots:

## Lythraceae [HC, HC2] Loosestrife Family

### ***Ammannia*** [HC, HC2]

ammannia, redstem, tooth-cup

#### \**Ammannia coccinea* Rottb. [Draft FNA, HC, HC2]

Pl. Horti Univ. Rar. Progr. (Hafn.), 7. 1773.  
valley redstem

Recently (2014) collected in King County at a restoration site where a large population is established.

#### ***Ammannia robusta*** Heer & Regel [HC2, IFBC]

Index Seminum [Zuerich] adn. 1. 1842.  
western ammania, grand redstem

*Ammannia coccinea* Rottb. ssp. *robusta* (Heer & Regel) Koehne

### \**Lythrum* [HC, HC2]

loosestrife

#### \**Lythrum hyssopifolia* L. [HC, HC2]

Sp. Pl. 1: 447. 1753.  
hyssop loosestrife

#### \**Lythrum portula* (L.) D.A. Webb [HC2, JPM]

Feddes Repertorium 74(1-2): 13. 1967.  
spatula-leaf loosestrife

*Peplis portula* L.

Not in H&C but is common in wetlands.

#### \**Lythrum salicaria* L. [HC, HC2]

Sp. Pl. 1: 446. 1753.  
purple loosestrife, long purples

### ***Rotala*** [HC, HC2]

rotala, toothcup

#### ***Rotala ramosior*** (L.) Koehne [HC, HC2]

Fl. Bras. 13(2): 194. 1877.  
lowland toothcup

*Rotala catholica* (Cham. & Schltdl.) van Leeuwen

*Rotala dentifera* (A. Gray) Koehne

*Rotala ramosior* (L.) Koehne var. *interior* Fernald & Griscom

*Rotala ramosior* (L.) Koehne var. *typica* Fernald & Griscom
